

## COVETED PARADISE VALLEY ESTATE

PARADISE VALLEY, ARIZONA | UNITED STATES

This coveted Paradise Valley estate was built in 2012 after being artfully orchestrated with exceptional care and skill by builder G M Hunt, architect Clay Scrivner, and designer Terese Messina. Taking advantage of the sprawling 1.4-acre privately gated estate, this home captures views of Mummy Mountain while providing exceptional privacy. Functionality, style, and authenticity were at the core of this home's elegant design. Custom millwork, clerestory windows, striking light fixtures, groin vaulted ceilings, agate counters and marble floors are tailored to each leaving space to create a mix of intimate living spaces and inviting entertaining areas. Its signature curved hallway lined with a series of stately arched French glass-doors opens the home to the expansive grounds flanked with bursts of white rose blossoms and citrus trees. With its stylized lines and timeless, intricate craftsmanship, this elegant home is of unsurpassed quality in the sought after 85253 zip code.
